

WESTCLIFF HIGH SCHOOL FOR GIRLS

SCHOOL DEVELOPMENT UPDATE

Headteacher Dr Paul Hayman

WHSG NEW EAST WING

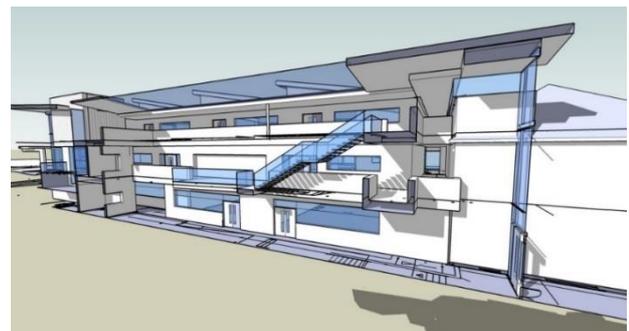

The Governors of Westcliff High School for Girls have embarked on an ambitious programme to build a new East Wing containing nine new classrooms. This will provide the necessary specialist, modern accommodation for all our Art, Design and Technology teaching, housing them in one area and providing our students with the best possible experience and opportunities in these subjects.

Front entrance

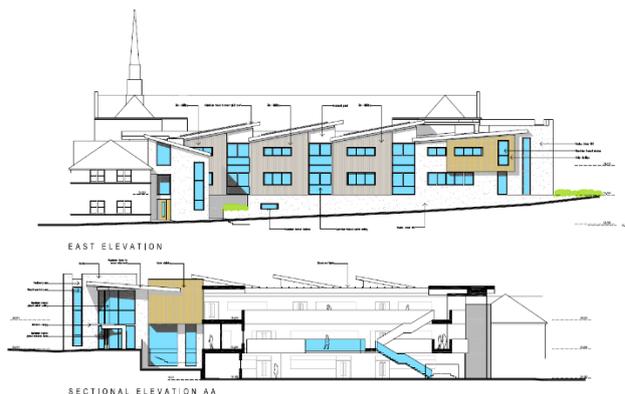

As you can see from the accompanying pictures, it will be an impressive building over three floors. Natural light will be maximised with a glass atrium which will provide a covered walkway linking the Old building and the Science block. The Education Funding Agency has already allocated £3.6 million towards the cost of this project. However, the project has been put out to tender and the total cost of the works is £4.7million. We started the initial work in the summer of 2016 by demolishing the old demountable buildings, moving the bike sheds and flattening the site. The main programme of work commences in February 2017 and is scheduled to last a year.

In order to complete this ambitious project we are looking for help from parents and other stakeholders who are committed to the future learning and development of the next generation of young people. We are asking for gifts, charitable donations and grants from local organisations and sponsors. We are also raising funds through activities which will involve the students and parents of the current pupils.

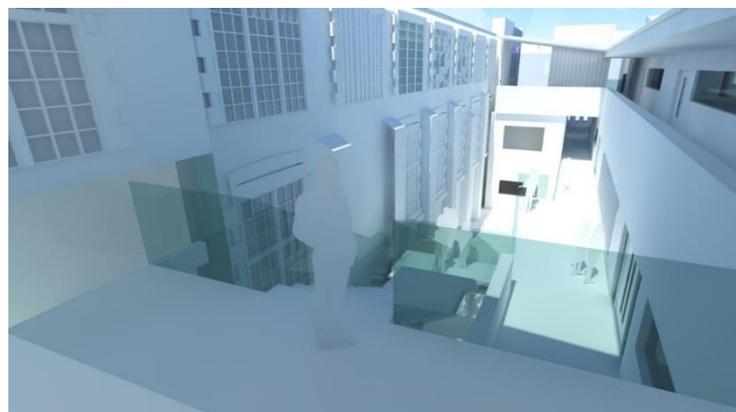

Planned layout of the internal walkways

We are looking to raise over £1 million to complete this project

If you have a Parentpay account and wish to contribute, there is an item on Parentpay entitled **2018 – NEW EAST WING FUND**. If you can contribute with gift aid then the school can claim back an additional 25% of the donation. Many parents and staff have already been very generous with their donations and their support is greatly appreciated.

If you are not in a position to help us with a financial gift, perhaps you are able to give some time to help with a fund raising event; or you know of a charitable trust that might have the same ethos as us. We welcome any recommendations for companies or individuals who would like to contribute as part of their **Corporate Social Responsibility** programme or have a **Matched Giving Scheme**. We encourage you, your family, friends, colleagues and employers to consider sponsoring Westcliff High School for Girls and can provide information on making your donation tax efficient.
